Copy of letter No.6739-Wks/52-1 dated 29th September 1952 from the Chief Engineer, P.W.D.(Buildings) to the Secretary to Government, Public Works,Department, Madras.

Sub: Public Works Department - Inspection Bungalow at Kottur, Rayadrug and Kudligi, Bellary District - Electrification - Estimates -Administrative approval requested.

....

With reference to Government Memorandum No.79802-C/51- dated 18-10-51, I forward herewith plans and estimates for providing electrical installation to the following Inspection Bungalows as detailed below for obtaining the administrative approval of Government.

Name of work.	Estimate amount. Rs.
1) Providing electrical Installation to Inspection Bungalow at Kottur, Bellary District	3,030/-
2) Providing electrical installation to Inspection Bungalow at Rayadrug, Bellary District	1,640/-
3) Providing electrical installation to Inspection Bungalow at Kudligi, Bellary District	1,600/-

2. The estimates provide for the minimum number of light points in each Inspection bungalow and the kitchens attached to the Inspection bungalows. Each Inspection bungalow consists of two ~~of two~~ suites of rooms and provision for the installation of two ceiling fans -one in each suite has been included in each estimate. The cost of providing two fansin each Inspection Bungalows including wiring for the fan points works out to Rs.400/-. Two prepayment meters one in each suite has also been proposed for each Inspection Bungalows.

3- In view of the hot climate prevalent in the District, the provision of electric lights and fans for these Inspection Bungalows is a desirable amenity and is considered quite essential and hence the proposal is recommended, even though as per Government Memorandum No.34802-C/52-3 dated 2-7-52 electric fans are not to be provided now in Inspection Bungalows.

4. I request that the administrative approval of Government for the works may be obtained early and communicated to me for taking further action. Special sanction of Government in regard to the provision of fans may also be obtained.
